

Gang of Boys

Verse 1

They live at night
They hunt for kicks
Avoid the streetlights
Try to find a fix
A leather triumph
Take another buck
Street-life action—
They're tough

Verse 2

Better walk real fast
When you walk alone
They're going to gang up
Hope you're close to home
Out of the darkness
'Gonna pounce on you
Boys who hunger for
Ego food

Chorus

Gang of boys
Want to rumble
Gang of boys
Want to smash
Gang of boys
Live for trouble
Gang of boys
So brash

Verse 3

The leader boy
He looks so fine
Got lots of muscle
Bet he'd go all night
He keeps them guessing
He plays it cool
Snaps his fingers
You know the women drool

Chorus

Verse 3

They've got a name
Like a cigarette
Don't know the game
Haven't learned it yet
Can't find the power
When they're just one man
A gang to make up for
What they don't have

Chorus
