

Mood Music

Verse 1
Liquefied, when you touch romance
Symptoms of madness, bleary sight
You're driven by a passion trance
Unknowing actions
Obsession child

Verse 2
You're all alone, an island realm
Atmosphere, a confessing gaze
Solitude in a crowded room
The fourth dimension
Thoughts penetrate

Pre-Chorus
I hear the violins playing
Are they moving you,
Moving you, moving you
I hear the violins playing
Are they moving you,
Moving you, moving you

Chorus
Mood music
I hear the mood music
Mood music
It's the mood music...

Verse 3
A private hope for eternal sighs
Limitless embraces, silent bonds
Out of reach from the mortal lives
A fortress of dreams when two are one

Pre-Chorus
I hear the violins playing
Are they moving you,
Moving you, moving you
I hear the violins playing
Are they moving you,
Moving you, moving you

Chorus
Mood music
I hear the mood music
Mood music
It's the mood music...
