

Trauma Drama

Verse 1
There was a romance
On the silver screen
We all knew that there
Would be a happy ending
But they were just pretending
It came out of misery

Verse 2
In the media world
Life is like the cinema
Murder mysteries
Wartime charades
Disaster parades
What is it rated?

Chorus
Another trauma drama
On the box and on the screen
Another trauma drama
Not just make believe
Not just make believe
Ooh wah ooh
Not just make believe

Music Break/Bridge
Chorus
Another trauma drama
On the box and on the screen
Another trauma drama
Not just make believe
Not just make believe
Ooh wah ooh
Not just make believe

Verse 3
Images of actors
Acting to entertain
Sweethearts pulling triggers
Love that fades
Hate that lingers

Chorus
Vamp
